

TELL SALESFORCE: DROP THE CBP CONTRACT

Salesforce powers the Unified Immigration Portal, which enables information sharing between ICE, CBP (Customs Border Protection), and other enforcement agencies. The system uses AI to facilitate the detentions and deportations tearing our communities apart. This contract is worth less than 0.1% of Salesforce's annual revenue and dropping it will not impact Salesforce's bottom line.

Tell Salesforce: Drop the CBP contract.

No tech for state violence.

HERE'S WHAT YOU CAN DO

Salesforce Employees: Talk to your leaders and email Suzanne DiBianca, Executive Vice President & Chief Impact Officer: "No tech for state violence. Drop the CBP Contract." Then share this flyer with your team, tape it to the fridge, slack it, make some noise!

Salesforce Users: Reach out to your Salesforce contact and tell them to drop CBP or risk losing your business. **Find template emails at *snatchforce.tech*

ABDUCTED USING SALESFORCE TECH

Jose Saul Rodriguez

Jose is a beloved father, grandfather, brother, and hardworking member of the Santa Cruz community. He was on the way to his son's wedding on September 4th, 2025 when ICE abducted him while looking for someone else. Despite a recent heart attack, Jose is not receiving medication while detained in Arizona.
