

TELL SALESFORCE: DROP THE CBP CONTRACT

Salesforce powers the Unified Immigration Portal, which enables information sharing between ICE, CBP (Customs Border Protection), and other enforcement agencies. The system uses AI to facilitate the detentions and deportations tearing our communities apart. This contract is worth less than 0.1% of Salesforce's annual revenue and dropping it will not impact Salesforce's bottom line.

Tell Salesforce: Drop the CBP contract.

No tech for state violence.
